

ROTATION					STARTING PITCHER USAGE NOTES																																																																																				
POS	PITCHER	STA	ARM	SPC																																																																																					
SP 1	Pablo Lopez	23	R	C BH	<div>1) Always remove Starters when fatigued unless ahead by 5+ runs or pitching a 2+ run shutout, then remove if tying run on base, at bat, or on deck.</div> <div>2) Always remove Starter if 5 earned runs allowed or 7 total runs allowed.</div> <div>3) If starter is pulled early, and Zack Littell is not pitching in the series, he will be the first option to get to the middle relievers. Cronin/Moore are the Long relief options if Littell not available (see: below).</div> <div>4) Remove all starters in save situation in the 9th.</div>																																																																																				
SP 2	Andrew Abbott	22	L	R																																																																																					
SP 3	Ryan Feltner	22	R	H																																																																																					
SP 4	Aaron Civale	21	R																																																																																						
SP 5	Zack Littell	21	R	B																																																																																					
<div>BULLPEN</div> <div>1) For Relief Pitchers, see the 'Relief Ptcher Instructions Chart' and the 'Game Situation Chart' below. Utilize the Relief Pitcher Instructions Chart to determine the general use requirements and then reference the Game Situation Chart to determine the specific order of precedence (Work down the list representing the appropriate inning and situation).</div> <div>2) Always check at the start of an inning to see if the game situation has changed or if the next reliever per the preference list is due to come into the game.</div> <div>3) Do not hesitate to look for match-ups to gain platoon advantage utilizing middle relievers and set-up guys to get to the 9th.</div>

Change pitchers as soon as the situation above changes and change is required. (Work down the list in each column based on the appropriate inning and situation)

(a) - Switch to Kevin Kelly if deficit closes to 3 or less or if tying run comes to the plate (b) - Switch to Kevin Kelly / Yuki Matsui if deficit closes to 3 or less or if tying run comes to the plate

(c) - Use Matt Moore primarily against predominantly LHB lineups, and Rodriguez against predominantly RHB lineups (d) - Use Zack Littell only if not pitching in the series
